

It's not too late to order your Custom Class Ring

A visual symbol of self expression and school pride.

Class rings symbolize a part of you and define your high school years. They've been a long-standing tradition since 1835, when the first class rings were designed at West Point Military Academy. You will look back at your high school class ring with pride and recall special memories. Your class ring tells a story of who you are, where you've been, your achievements, and your interests. Capture the essence of your high school experience, by including your class year, your birthstone, your jersey #, your hobbies, your teams, and most importantly, your spirit...
